

**Hosted by Mr. Dominic Bradley MLA,  
on behalf of**

**Newry & Mourne ME/Fibromyalgia Support Group.**

# **CURRENT ADVANCES IN ME-RELATED MEDICINE**

**TUE 4th FEB 2014, 12-2pm**

**THE LONG GALLERY, STORMONT**

**There is an ongoing scarcity of NHS clinical expertise locally in ME/CFS and Fibromyalgia. To address this deficit, the Newry & Mourne ME/FM Support Group regularly brings American experts to Northern Ireland.**

**At this event in the Long Gallery, Dr. J. Mark VanNess will tell us about his research at the Workwell Foundation in California.**

**Ripon, California.**

**The Workwell Foundation researches functional aspects of ME/CFS and Fibromyalgia to facilitate an understanding of the biological basis for fatigue and to provide objectively determined therapeutic interventions.**

**Dr. J. Mark VanNess, Workwell Scientific Advisory Committee.**

This event is **FREE** and is targeted at parliamentary decision makers, healthcare providers, medical students, clinicians and those interested in this area of medicine. Official invitations will follow this advance notice. A light lunch will be provided.

For preliminary bookings or further information contact Mrs.Sally Birch 028 90 812368
